☒Debbie Jensen	☒Maria Tellez ☐Val Clifford	☒Norman Chavez ☒Peggy Toda	
Bassett ☒Alex Martinez	**Mt. SAC** ☐ Diana Dzib ☐Jennifer Cruz-Nguyen ☐Mary Ann Gomez-Angel	*Tri-Community* Charter Oak Covina Valley ☒Carl Swift	
ESGVROP ☒Shatha Dubuni	**Pomona** ☐Margaret Velarde	**Consortium** ☒Ryan Whetstone ☒Sage Overoye ☒Wanda Pyle	

Agenda
- Run through conference presentation

Minutes

1. Run through 1

Alex – 10 minutes allotted for digital citizenship presentation.
- Ask audience to hold questions for the end
- Make sure to discuss why the standards are important
- Don't qualify any bullet points as being for younger students
- Only share one bullet on each slide if you don't have enough time
- Describe the tech slam & how to participate at the end of the presentation

Norm – 3 minutes allotted for Crash Course
- Don't show entire video
- Describe what it is, how to use it in the classroom, and what the results of using it are
- Mention that his students enjoy it

Diana – 3 minutes allotted for Common Sense Media

Norm – 3 minutes allotted for Khan Academy
- Describe what it is, how to use it in the classroom, and what the results of using it are
- Play only a sample of the video

Diana – 3 minutes allotted for Flocabulary

Debbie – 3 minutes allotted for Digital Badges
- Should bring awareness to the topic

ABE/ASE Work Group

	• What is it? Why should we consider it? What is involved in implementing it?
	• Discuss the differences between using it as a motivational tool and using it as a certificate of merit.
	Alex – 3 minutes allotted for Algebra Help
	• Explain what it is and how to use it in the classroom
	• Show lessons, worksheet, and calculator
	Debbie – About 6 minutes allotted for explaining and playing Kahoot
	• Make it clear that you can log in using the app or a web browser
	There needs to be one document available for all presenters that has direct links to the tech slam presentation websites.
2. Run through 2	Ran more smoothly than the first. Alex's digital citizenship portion needs to be shorter than the first time, but longer than the second. Some tech slams are only two minutes. If they go short OK to count down and SLAM early.
	Recommended to get audience engaged by asking, "How many of you have heard of _____?" "How many of you use _____?" etc.
	Presenters are going to meet in smaller groups to practice based on availability.
	Spring Break:
	April 3-7: HLPAE, Tri-Community, Rowland, Pomona
	April 10-14: Bassett
	April 17-21: Baldwin Park
	Rowland WASC Visit - April 24-26
	Presenters will arrive at Kellogg West at 7:30 AM before the conference to set up and practice the Tech Slam.
	Presenters must bring their own computers:
	Norm – Bringing 1 PC
	Debbie – Bringing 1 PC if Mary Ann or Diana cannot

Next meeting: Thursday, April 27, 2017; 7:30 AM @ Kellogg West – Mountain Vista 1 & 2
