6/15/2017

Members discussed I-BEST. Nicole and Carl (Covina-Valley) are paring Business Math (CTE) and Academic (ASE) in a course in the fall. Alice and Colleen (HLP AE) are doing a team teaching course now. They work together 100% of the time in a class that combines general office and office admin students. The students are enjoying it and seem very engaged. Work group discussed a few changes to the staircase based on conference feedback. There is a need for the fall conference to re-focus on accountability and go back to AEBG basics.

English as a Second Language (ESL)

6/2/2017

Discussed I-BEST Training, spring 2017 Conference, and next steps. I-BEST seems to be doable at some schools, but some felt that the models presented would not work for them. Idea of a "Jobsapalooza" was discussed – the idea is to have a roving job fair circulate throughout the consortium so students know what CTE options they can get into. Members expressed the desire to be able to contact teachers at other sites (A consortium directory) in order to collaborate and bridge. Overall conference was a success. Future steps involve piloting the progress report and adjusting as necessary next fall.
